

ECF/ECT Bulletin

Module: Enabling Pupil Learning

Week: 4: Supporting the most vulnerable pupils

Key events/meetings this week:

ECTs have a training session with their facilitators this week for two hours (see email from your facilitator for further details). ECTs, if you haven't received an invite, please contact your in-school Induction Tutor or Anne-Marie Garnett on anne-marie.garnett@tgat.org.uk.

ECT Self Study Actions (to be completed prior to your mentor meeting):

As there is an ECT training session this week, there is no ECT self-directed study session this week

Please still attend your mentor meeting as normal. Be ready to discuss your facilitator session with your mentor if timescales allow.

Mentor Meeting Key Actions:

Reflect on ECT training session.

Discuss / share practice around communicating with parents, carers and colleagues.

Script / rehearse a communication with a parent or carer. Where possible, aim to make this something that can be used in the coming days.

[Optional] Mentor can engage with training materials from this week's ECT training session (see video training session in your Gateway).

Additional Information:

Moving forwards, please can mentors and ECTs use the UCLeXtend Platform to access all reading materials. If you are having problems accessing the site, please flag this with Induction Tutors. Remember to scroll to the bottom of the screen on first login to accept the privacy settings: [UCL Extend: Sign in to the site](#)

If you don't have an email from UCL, try and use the 'forgotten your password?' button and enter your school email address.

A reminder: ECTS, have you been completing your Progress Tracker and Learning Log? Have you started a folder (electronic/physical) with evidence towards your Teacher Standards? This module covers standards 1 and 7. You can use all your ECF work as evidence towards your Teacher Standards.

Please do ensure that time is put aside each mentor meeting where a conversation can be had about health and well-being, the curriculum, assessment, academy calendar etc. ECTs, please do feel like you can ask for help and support outside of the ECF.
